HYDE (black/black) The perfect combo of rock and relax! Introducing the Hyde color Backtrack chair. From the colors that inspired the biggest and baddest rock bands of the 70's even the coolest rocker will take a head-banger break and grab a seat.

FES (teal/brown) Colorful, Loud, Stylish are all words that come to mind when you think of Fes and when you think of the colors of this chair. If you open your cupboard you will probably recognize some of these colors. This Fes color Backtrack Chair is influenced by the Tupperware that filled many houses and consumed parties back in the 70's.

KELSO (orange/brown) This chair knows that it has got it going on, much like Kelso. These blazin' colors are inspired by the well remembered 70's Chevy Camaro's. The Kelso color Backtrack Chair has a slick color pattern that will deliver a blast from the past.
