

# IN STOCK NOW!

## PPE GO-KIT

PACK INCLUDES (5) 3-PLY MASKS & (5) PAIRS (SIZE L) NITRILE GLOVES

### 3-PLY DISPOSABLE FACE MASKS

Quality crafted for excellent protection and a comfortable fit, our 3-ply face mask is ideal for a wide range of applications wherever fluid exposure is probable. Specialized nonwoven materials featuring a 3-ply pleated construction, optimize lightness of fit, breathability and fluid resistance. Features adjustable nose strip and elastic ear loops for a secure fit.

### DISPOSABLE NITRILE GLOVES

Nitrile gloves are the perfect compromise between latex and vinyl. Nitrile is made from an allergy safe compound that feels like latex but is stronger and more comfortable to wear. Great for demanding applications like cleaning and sanitizing, they're also the perfect option for basic germ protection while you're on the go.
